I.M. Sechenov First Moscow State Medical University  
of the Ministry of Health of the Russian Federation (Sechenov University)

Moscow Branch of the Scientific Medical Society of Anatomists, Histologists and Embryologists

**Dear colleagues!**

The Organizing Committee of the *IV International Youth Scientific Conference "Fundamental Research – a Start in Medical Science"* invites you to take part in the conference, which will be held on December 16, 2022 at the **Department** of Human Anatomy and Histology of the N.V. Sklifosovsky Institute of Clinical Medicine of the Sechenov First Moscow State Medical University of the Ministry of Health of Russia (Sechenov University) as part of the winter session of the project **"Scientific Readings on Mokhovaya"** in 2022.

The following issues are planned to be discussed at the conference:

- Morphology and physiology of humans and animals in normal and experimental conditions.
- Morphogenesis and regeneration of organs and tissues.
- Properties of biomolecules and their interaction with the body.
- Molecular and genetic markers of health.
- Integrative anthropology – the basis of personalized medicine.
- The fundamentals of a healthy lifestyle.
- Computer and Internet technologies, mathematical modeling in fundamental research and education.

**Students** (students, bachelors, undergraduates, residents, postgraduates, etc.), **young scientists, young teachers and specialists** (the age of persons without a degree and candidates of sciences up to 35 years inclusive, the age of doctors of sciences – up to 40 years) are invited to participate in the conference.

Conference languages: Russian and English. **The section will work in English.**

The conference materials will be published and placed in the National Bibliographic Database of Scientific Citation of the **RSCI**.

Possible forms of participation:

- Oral report.
- Poster presentation (posted on the conference website).
- Remote report (video conference in Webinar format).

To participate in the conference, it is necessary to submit an application for participation in the conference (Appendix No. 1) and abstracts of the report (Appendix No. 2) to the organizing committee by e-mail before *December 6, 2022*: [anatomy@internet.ru](mailto:anatomy@internet.ru). In the subject of the letter, specify the Youth Conference, the surname (of the first author), city, country in Russian or English.

Participation in the conference is free for speakers. All expenses are paid by the sponsors of the event.

- Website of the International Association of Morphologists (IMA): <http://www.mam-ima.com>

**APPLICATION RULES**

*to participate in the IV International Youth Scientific Conference*

**"Fundamental research – a start in medical science"**

1. Surname, First Name and Patronymic of the speaker (all co-authors of the work are indicated).  
The main speaker is **highlighted in bold**.
2. Title of the report.
3. Date of birth of the speaker(s).
4. Full name of the place of study (work) of each co-author.
5. Abbreviated name of the place of study (work) of each co-author.
6. Postal address of the institution: country, ZIP code, city, street, house.
7. Course, faculty (for students).
8. Department, position (for employees).
9. Academic degree (if available).
10. Academic title (if available).
11. Postal address for correspondence: country, ZIP code, city, street, house, apartment.
12. Current email address.
13. Telephone.
14. Data about the scientific supervisor of the work (*required!*):
  - 1) Surname, First Name, Patronymic.
  - 2) Academic degree, Academic title.
  - 3) Place of work.
  - 4) Position.
  - 5) Email.
  - 6) Phone.
15. Report form (*required!*):
  - 1) Oral report.
  - 2) Poster presentation.
  - 3) Remote report.

The application must include the data of each co–author of the report, it is issued in an MS Word document file. Submission of the application in pdf format, graphic files, etc. is not allowed. The name of the file is formulated in English on the model:

**Surname of the first author.city(application).doc**  
(for example, **Ivanov.Moscow(application).doc**).

## RULES FOR THE PREPARATION OF ABSTRACTS OF THE REPORT

*to participate in the IV International Youth Scientific Conference*

### **"Fundamental research – a start in medical science"**

Abstracts of the report of 2-4 pages in A4 format are accepted, all fields are 2 cm– Single line spacing, font Times New Roman, 12 pt. The text is aligned to the left, indentation, hyphenation, tabulation are not allowed. Тезисы содержат следующие разделы:

1. The name in Russian.
2. Surname, initials of the authors in Russian (the main speaker is highlighted in bold).
3. Place of work in Russian (official abbreviated name of the institution, city, country).
4. Abstract in Russian (contains the purpose, material and methods of work, the main results of the study). The volume is 200-250 words.
5. Keywords in Russian (no more than 7 expressions).
6. Name in English.
7. Surname, initials of the authors in English (the main speaker is highlighted in bold).
8. Place of work in English (official abbreviated name of the institution, city, country).
9. Abstract in English (contains the purpose, material and methods of work, the main results of the study). The volume is 200-250 words. The text must correspond to the Russian version.
10. Keywords in English (no more than 7 expressions).
11. Main text (in Russian or English):
  - 11.1. Relevance of the research problem.
  - 11.2. The purpose and objectives of the study.
  - 11.3. Material and methods of research.
  - 11.4. The results obtained and their discussion. Tables, figures and graphs are not allowed.
  - 11.5. Conclusions and conclusion.
  - 11.6. List of references. Includes no more than 10 sources for the last 10 years. The numbering is given according to the order of occurrence in the abstracts. The authors are not indicated in the text, the number from the list is given in square brackets.

#### *Sample*

#### ANATOMICAL FEATURES OF THE CONNECTIVE TISSUE ORGAN OF NEWBORNS

Ivanov I.I., **Petrov P.P.**

Sechenov First Moscow State Medical University of the Ministry of Health of Russia (Sechenov University), Moscow, Russia

Abstract: The purpose of the study was to identify the features of the structure...

Keywords: connective tissue organ, anatomy, newborns

In the last decade, descriptions of individual structures of the human body as independent anatomical organs have appeared in the anatomical literature[1, 2]...

#### List of literature

1. Neumann, P.E. Another new organ! is this a golden age of discovery in anatomy? // Clin Anat. 2018 Jul;31(5):648-649. doi: 10.1002/ca.23184.
2. Strizhkov A.E., Nikolenko V.N. Connective tissue organ: morphology, development, pathology. Monograph. - M.: Sechenov University Publishing House, 2022. - 44 p.

Abstracts are processed into an MS Word document file. The name of the file is formulated in English on the model: **Surname of the first author.city.doc** (for example, **Ivanov.Moscow.doc**).

The abstracts of the report should be submitted to the organizing committee together with the application for participation in the conference in one letter by *December 6, 2022* by e-mail: [anatomy@internet.ru](mailto:anatomy@internet.ru). In the subject of the letter, specify the Youth Conference, the surname (of the first author), city, country in Russian or English.
